Exp-3. Develop a flowchart in Figma depicting the operation of a Network Switching Subsystem in a mobile cellular system.

Aim:

To draw a flowchart in Figma depicting the operation of a Network Switching Subsystem in a mobile cellular system.

Procedure:

1. open Figma

2. Create a new file

3. Click on the resources icon and click on the plugins

4. Search for the Flow Chart

5. Drag and drop the shapes on the screen

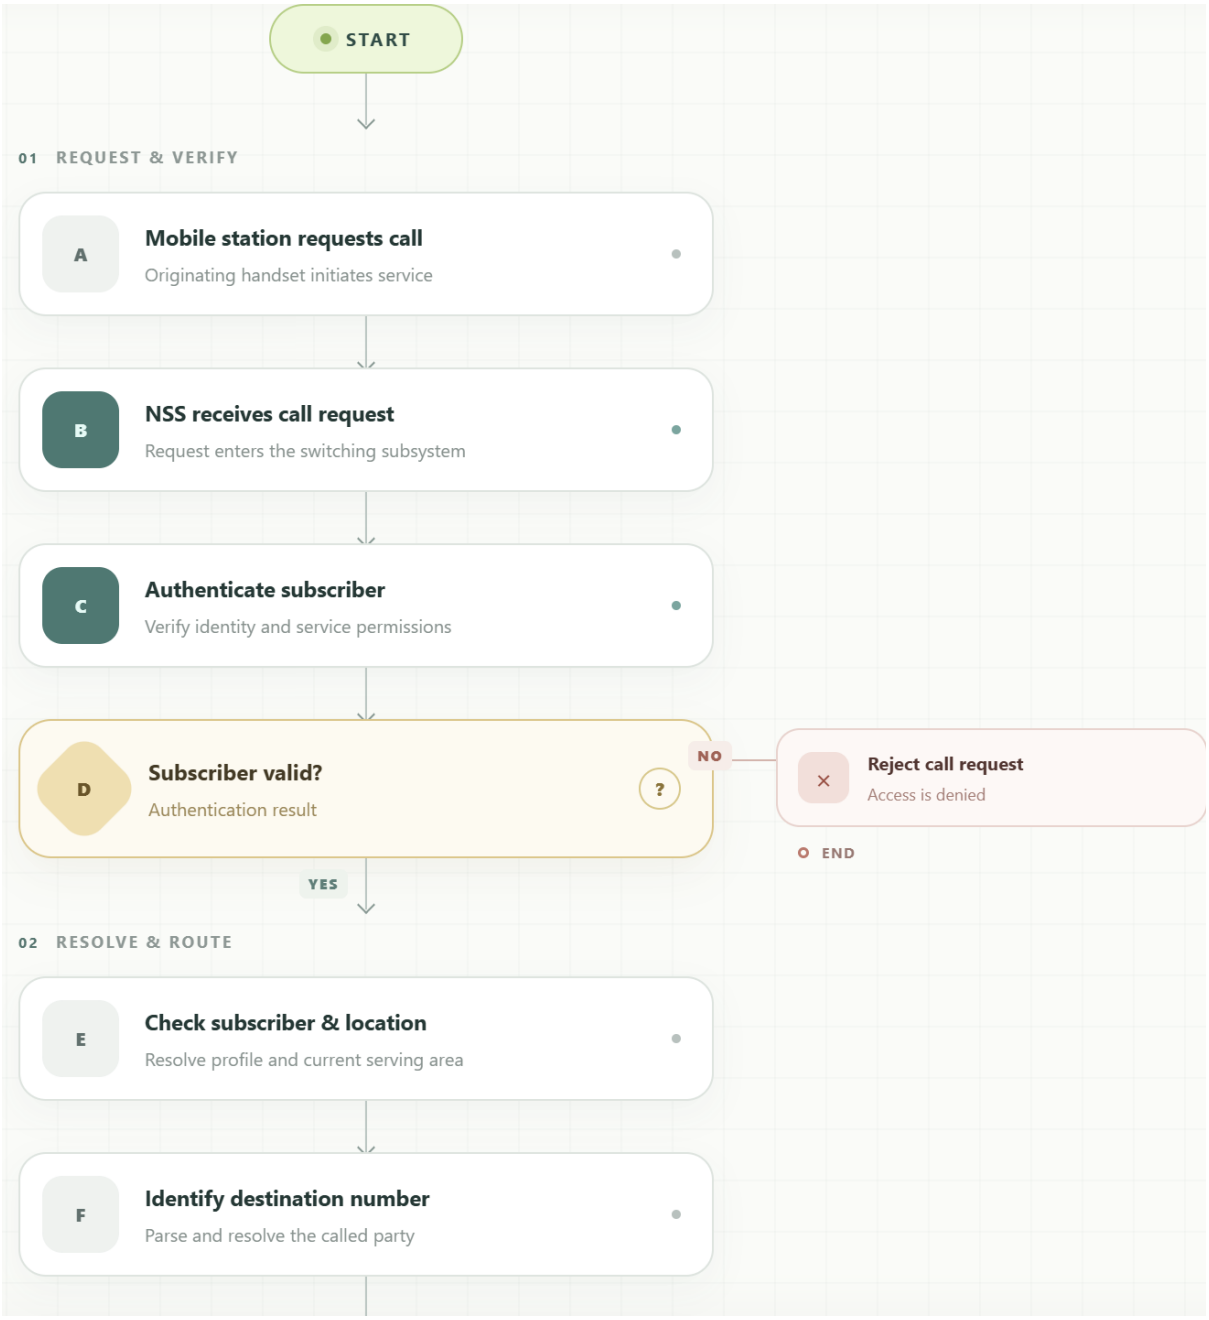

6. Now, enter the content on the shapes and connect

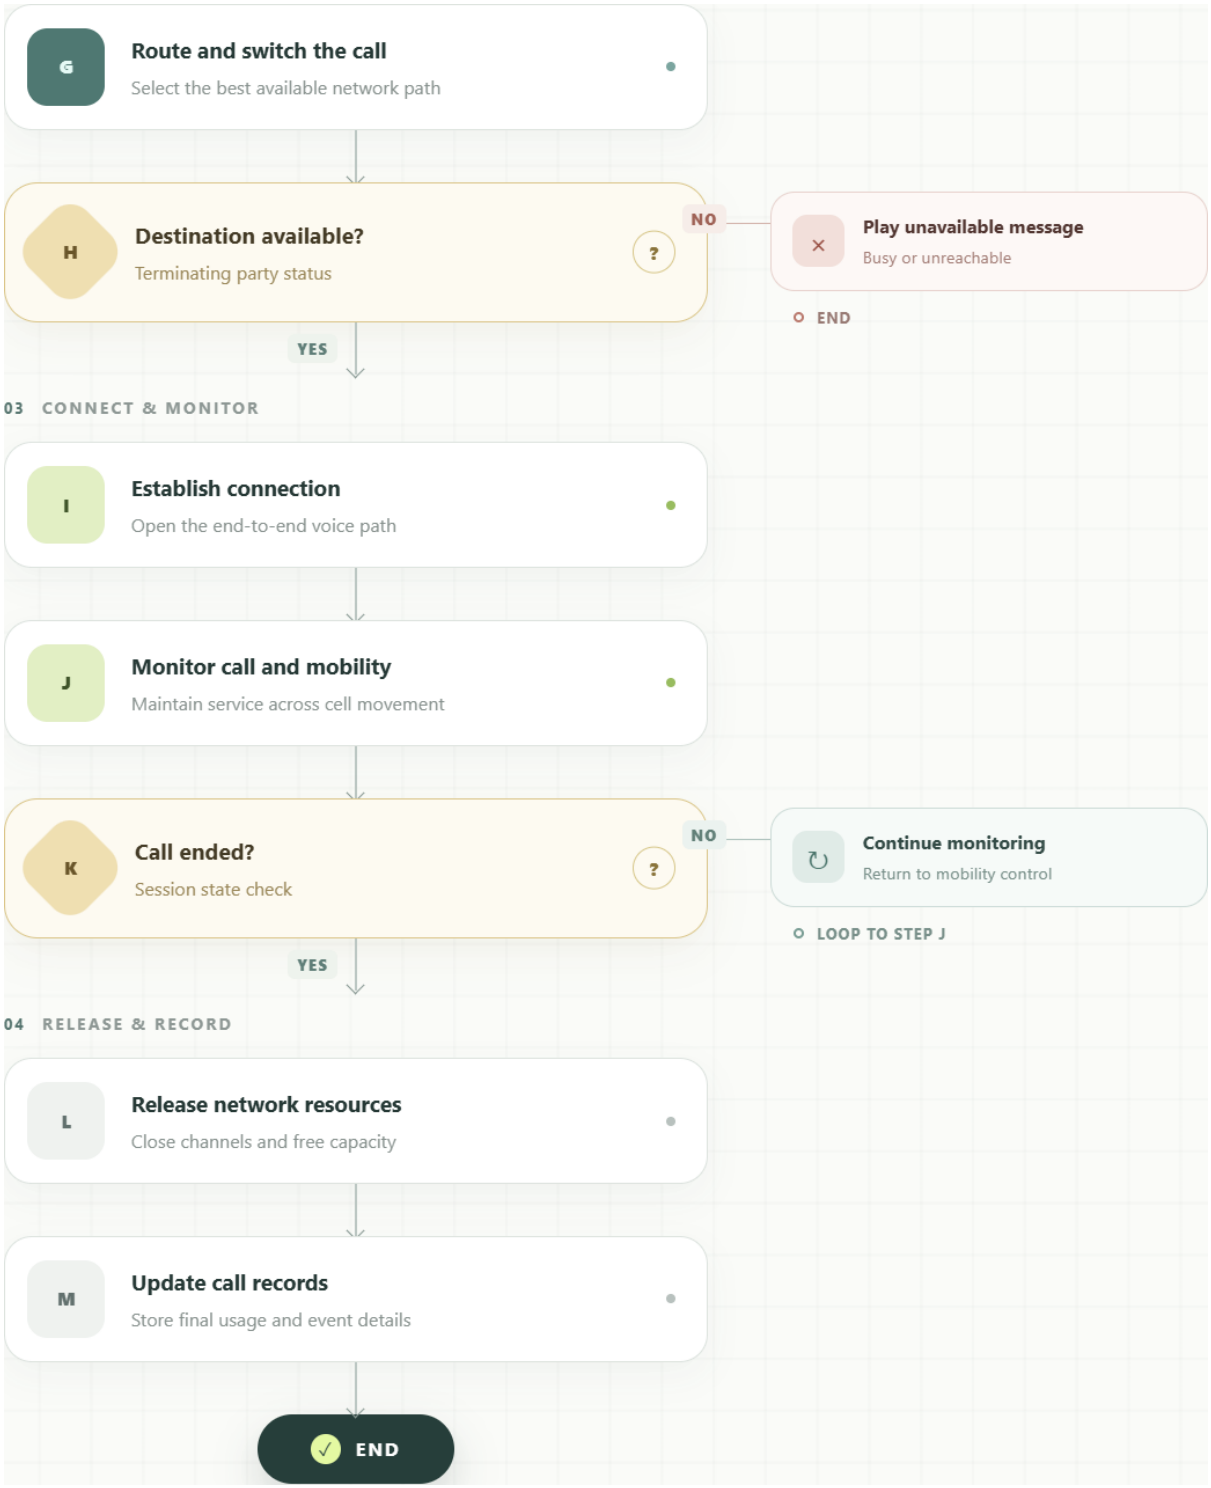

them through Arrows.

7. Grouping and alignment

8. Review and edit

9. Save and share

START
01 REQUEST & VERIFY
A
Mobile station requests call
Originating handset initiates service
B
NSS receives call request
Request enters the switching subsystem
C
Authenticate subscriber
Verify identity and service permissions
D
Subscriber valid?
Authentication result
?
NO
Reject call request
Access is denied
END
YES
02 RESOLVE & ROUTE
E
Check subscriber & location
Resolve profile and current serving area
F
Identify destination number
Parse and resolve the called party

Result:

Hence the flowchart in Figma depicting the operation of a Network Switching Subsystem in a mobile cellular system has been drawn successfully
